## **Vision**

To create an exemplary society with responsible citizens, who are enlightened with values and empowered with soft skills and life skills, and there by provide a steady stream of leaders to the nation capable of being on the driving seat of the world.

## **Mission**

To establish schools that nurture the inherent genius in every child, cultivate independent thinking skills, foster academic excellence and develop strong moral and ethical values and thereby molding and grooming confident individuals who will be an asset to the world.

## Philosophy

"Read, in the name of your Lord, who created. He created man from an embryo. Read, and you Lord, Most Exalted. Teaches by means of the pen. He teaches man what he never knew".

Peace  
MATHILAKAM

### **Peace Perspective**

“Education is the process of making human personality through training its physical, emotional, intellectual, imaginative as well as spiritual aspects”.

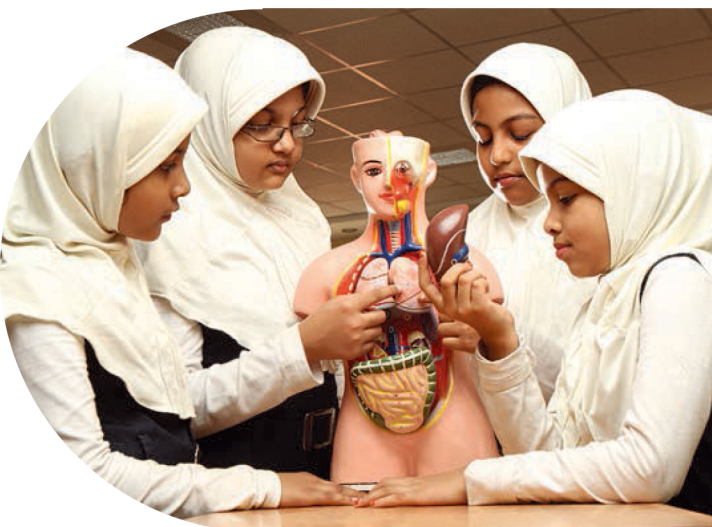

## Educate The Complete Child

Education should cater for the growth of man in all aspects: spiritual, intellectual, imaginative, physical, scientific, linguistic both individually and collectively and motivate these aspects towards goodness and attainment of perfection. The ultimate aim of education is realization of the individual's complete harmony with the Will of our Creator at the personal, fraternal and societal level.

## Environment

"Excellent secular education in peace environment" is the slogan of our Schools. We are committed in instilling positive developments in all fields by providing students with academic and moral excellence in an Peace Environment for nurturing world class leaders.

### **Peace Environment**

"Excellence in living and learning" is the motto of Peace Environment in our Schools. The entire environment of the schools are permeated by the fragrance of morals, manners and etiquette. It will never compromise to any of the immoral activities will not be tolerated under any circumstances.

## Peace Curriculum

Peace campuses are heralding positive developments in all fields by providing students with academic and moral excellence in a peaceful environment.

Our educational programs are devised for the holistic development of our students.

Peace programs, therefore, address the spiritual, physical, emotional, imaginative and intellectual needs of our students in such a way that they achieve success in all walks of life.

Peace Schools strive to instill divine morals and values effectively while ensuring excellence through integrated course content based on the curriculum of Central Board of Secondary Education

Internationally renowned best practices in teaching and learning

## Peace Parenting

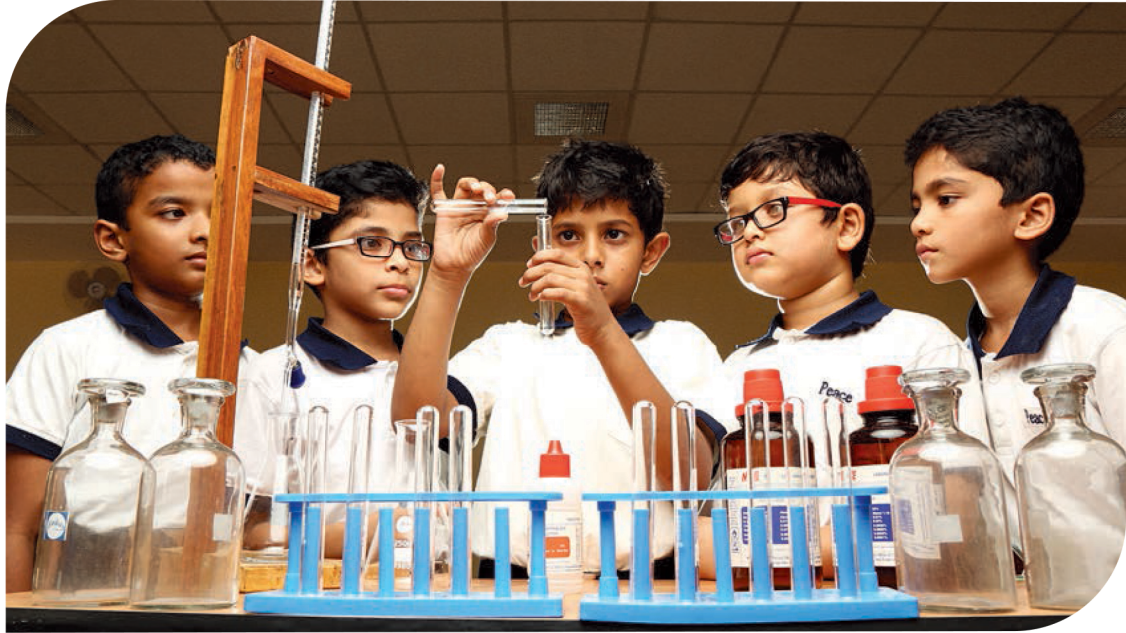

Peace believes that the children are Amanah bestowed upon the parents by Almighty abiding responsibility of look after them positively

Peace School provides a special programme for educating our parents about the roles and responsibilities of them in the Peace family where they are an integral part

Peace Parenting Programme supports the positive interaction between school and home, encouraging parents to participate in the education process

Along with the Peace Parenting Programme , the school initiates regular communication between school and home, regular parent-teacher interaction through open houses and seminars

### **The Implementation of The Peace Philosophy**

The implementation of the Peace Philosophy is by providing an enriched environment where students, faculty and staff seek the pleasure of the Creator Lord through His grace, His mercy, and complete awareness of His presence. Peace School is dedicated to provide its students with a learning environment of the highest order.

### **Learning To Learn**

Peace Students are made to learn to have a commitment, work earnestly and strive for excellence.

They are made to use a variety of learning strategies, personal skills, and time management skills to enhance learning capabilities

Our students are trained to reflect on as well as evaluate their learning and progress for reaching better heights

### **Proficiency in Communication**

At Peace Schools, students communicate in English as well as in Arabic with clarity, purpose and understanding of audience

Our students integrate the use of a variety of communication forms and use a wide range of communication skills

Peace students recognize, analyze and evaluate various forms of communication

### **Expanding and Integrating Knowledge**

Peace students are taught to integrate knowledge and experience from different subject areas

Our students are instructed to apply what they already know to acquire new knowledge, develop new skills and expand understanding

They are given the opportunities for demonstrate integrated knowledge and skills in applying multidisciplinary approaches to solving problems or completing tasks.

Peace students gather and use information effectively to gain new information and knowledge, classify and organize information, support inferences and justify conclusions in accordance with the context and the audience.

Our students utilize, evaluate and refine the use of multiple strategies to solve a variety of types of problems.

New and creative ideas are generated by the students by taking considered risks in a variety of contexts.
